

# Calling All Volunteers

## Andrew S's Eagle Project

Save the date: March 14, 2009

Please come lend a hand on March 14<sup>th</sup>, at 9:00 A.M., as I carry out my Eagle project. The project involves constructing four gates out of wood at the Audubon to replace the old broken ones. These gates screen and contain the dumpster area next to the parking lot.

This is a serious work project involving the use of different skills and tools. We will be trying to conserve as much material as possible. So, we will also be cleaning up and refurbishing old parts. There will be a chance for scouts to learn and serve the community.

Because this project will involve the use of equipment, you will need to make sure that you wear your hiking boots, not your tennis shoes. Also, you should make sure you have arm and leg coverings, as well as gloves you can work in. Other safety equipment will be provided.

I will be providing a nice breakfast of doughnuts and a lunch of pizza and soda.

Thanks for any help you can provide!

### Where is it?

The Audubon Naturalists Society  
Woodend Sanctuary

8940 Jones Mill Road  
Chevy Chase, MD 20895
