

2011 PHILMONT ADVENTURE ITINERARY

Itinerary Number 33

Super Strenuous (minimum program time) - 74 miles

A well prepared crew can choose this 73 mile super strenuous trek that starts in the historic North Point where you will see the world's only known T-Rex track, visit century old petroglyphs, and follow the route of the old Cimarron and Northwestern railroad up to Whiteman Vega in the beautiful Valle Vidal. On your way, take time to participate in search and rescue training and wilderness medicine at Seally Canyon. After spending a night in beautiful Greenwood Canyon, you will spend two days at Copper Park which lends plenty of time to hike Baldy Mt., do blacksmithing, and explore a real gold mine. After visiting the Continental Tie & Lumber Company at Pueblano, you will spend two days exploring Dean Canyon, highlighted by challenge events at Head of Dean and rock climbing at Dean Cow.
